Why do today's youth seem so different?

If you are a parent, this is for you! Our middle schools and high schools
are filled with Generation Zs.

With over 35 years of experience as a youth leader, speaker, and Next Gen specialist at North Central University, Jeff Grenell understands teenagers today and the challenges of parenting them. He has a heart for the family. He is committed to fighting for the youth of this nation.

Come join us as we learn to become better and more effective parents.

This event is provided by NCA at no cost to you, and refreshments will be provided.
